There is no use in going into a long rigamarole about the Grenada Triangular Division Camp between Grenada and Duck Hill. It is a sure thing. The following are facts.

Messrs. Taylor and Wheeless, of Hattiesburg started on building advance roads and bridges Wednesday.

Messrs. Young and Robinson, of Hattiesburg are starting today (Thursday) on about 2 miles of railroad trackage beginning at the I. C. right of way and running to the most important parts of the camp site.

Mr. B. L. Knost has received the contract for the erection of temporay office buildings and has already started work.

All of these contractors are equipped with tools and machinery necessary to finish their contract in the minimum time.

The Chas. T. Main Company, architects and engineers for the camp have virtually completed the plans; only a few of the detailed plans, not immediately necessary, being incomplete. The engineers and draftsmen are working day and night.

Advance notices to contractors have been sent to the "big" contractors. The bids on these "big" contracts will be received and contracts let within a matter of weeks.

All land in the 10,800 acre camp site tract, call "Area A", has been condemed by the government. Title, under the War Purpose Act, was acquired at 10 a. m. on Monday April 27, 1942.

This is not official, but it comes from somewhat reliable sources: the residents of "Area A" will have to move on or before May 15th, 1942. It is likely that some of the residents in the extreme eastern section of "Area A" will be given a little more time to move.

In a matter of days people can not be stirred with a stick in Grenada.

Sax Weir and C. C. Provine, now with the U. S. Engineers in the British West Indies, cried so for the GCW that old Sax agreed to shave out the $2.50 necessary.

Katie showed Selma that Selma was not the only one of the sisters who could doll up Saturday night.

"Potts" Williams, of Sardis, reached into a huge purse filled with money from the State Highway Department and extracted $2.50 for a year's subscription. He is about the last of the tribe to succumb.

Thank goodness I am not too old and decrepid to see and say that they have a mighty pretty lady as hostess at the Avalon.

We wish to inform the new contractors, each of whom will receive a copy of this newspaper this week, that we are prepared to execute neat printed forms and can deliver in a reasonable time—but cannot deliver yesterday, as some folks seen to want.

We enjoyed a visit from our boyhood friend, Ellett Lawrence and for a very kindly reference to us in his official house organ, PAGES.

McKell gave a farewell party to his colleagues of the Ferdinand Club Monday night. We use the word "gave" advisedly.

Well, we have four men running for "mare". The three who lose will be better off than the one who wins (?).

There is a good deal of well-founded belief that the city-county owned airport near Haserway will be taken over by the government to train two squadrons.

Well, from the letter the Chief of Army Engineers, it looks like the dam will not be built immediately.

Prices of almost everything have been frozen as of March 1st. Thank goodness we advanced our subscription rates on March 1st.

We have never seen the result of the referendum concerning the creation of a Soil Conservation District in Grenada County, published. The law specifically requires that such information be published.

We are mighty glad to see Claud Perry up and about again. It looked a while as if he was going to cash in.

Before ANYONE is elected, we wish to say that we believe the Mayor should be paid a reasonable salry, and that, until the congestion due to the camp passes, there should be a Police Judge to try the cases.

Juel R. Batson Announces For Mayor

To the people of the City of Grenada:

I take this opportunity to announce my candidacy for the office of Mayor of Grenada.

I am thirty-one years old, energetic, progressive, believe wholeheartedly in clean government and oppose any unnecesary taxation.

My education and experience have been thorough and complete in business mangement, municipal accounting, auditing, budget control and commercial law.

I feel that I will be a just and impartial Mayor for the fact that I am entering this race free of obligations to any person or persons and am anxious to cooperate with the Board of

JUEL R. BATSON

Aldermen, the city and county officials and the people.

I intend to see each and every voter and if for some reason I fail to see you, please know that I looked for and would certainly appreciate your support and influence.

Respectfully,
Juel R. Batson.

Mrs. Jimmie Bibby Brown Died Last Friday

Mrs. Jimmie Bibby Brown, widow of the late Dr. T. J. Brown, died after a few hours' illness in her home on Margin Street in Grenada last Friday, April 24, 1942.

She was born on November 18, 1864 at Lafayette Springs, Mississippi and was the daughter of the late Dr. Francis P. Bibby and Mrs. Marianne Madison Ferrell Bibby. After receiving her elemeutary education in the schools near home, she was graduated from Chickasaw College in Pontotoc. On December 7, 1887, she and Dr. Thomas J. Brown, a young physican, were married. Soon after their marriage they moved to Grenada which has been home ever since.

When a small child she united with the Meahodist Church and for fifty years has been an active member of the Methodist Church of Grenada. She was a Life member of the Woman's Society of Christian Serviice of the M. E. Church. She was a quiet, unassuming lady who devoted her attention to the home, the family and the church. Her death came suddenly, and, apparently, without pain. Thus she enjoyed the rare privilege of serving her family, her church and her community until the last day of life. Her husband preceded her to the grave on October 10, 1938.

Her funeral services were held at the Methodist Church Saturday afternoon and burial followed in Odd Fellows cemetery. Rev. W. L. Robinson, pastor of the Methodist Church was in charge of the ceremonies.

Pallbearers were Messrs. Andrew Carothers, T. B. Revell W. V. Dubard, S. H. Garner and Hubert Calhoun and Dr. J. K. Avent.

Surviving Mrs. Brown are three daughters, Miss Marybel Brown and Mesdames Edith B. Hays and G. S. Kent; three grandchildren, Frank B. Hays, of the University of Tennessee Medical School, Ann Kent and Spivey Kent, Jr., and two sisters, Mesdames J. L. Collins and P. M. Woodall both of Coffeeville.

To the bereaved members of the family, we extend our sincere sympathy.

Historical Providenc Church To Hold Memorial Service

The annual memorial services will be held at old Providence Church fifteen miles southeast of Grenada next Sunday, May 3, 1942.

This service usually attracts former residents of that fine old community, many of whom never come "home" more than once a year. It is usually a day of renewal of old acquaintances, a freshening up of the graves with new flowers, and is looked forward to by hundreds of people. The existence of the war and the tire rationing program now in existence may reduce the crowd this year.

A table will be prepared for those who wish to bring their dinners to the grounds.

Rev. J. M. Spikes is pastor of the church.

WAR BONDS AND STAMPS PURCHASED

Professor John Rundle announces the sum of $10,860.45 as invested in War Bonds and Stamps by the Grenada school faculty and students. This is a splendid record and one to be proud of.

Don't forget that the Methodist revival starts Sunday.

Mrs. Elizabeth Provine Burghard Buried Here

Mrs. Julius E. Burghard, nee Miss Margaret Elizabeth Provine, eldest daughter of Mrs. C. C. Provine and the late Dr. Charles Calhoun Provine, died in her home in Clinton, Mississippi on Sunday, April 26, 1942.

She was an honor graduate of Grenada High School. After her graduation here she attended Baylor College at Belton, Texas for two years, after which she was employed by the Mississippi School Supply Company in Jackson, Miss. On December 25, 1937, she and Mr. Julius E. Burghard were married.

She is well and favorably remembered by her old friends and class members in Grenada for her gracious manner and for the kindliness that characterized her action.

Funeral services were held in the chapel of Wright and Ferguson in Jackson on Monday morning at 11:00 o'clock, Rev. W. A. Hewlitt, pastor of the First Baptist Church and Rev. James Sullivan, pastor of the Clinton Baptist Church, officiating. The deceased had been a member of the Baptist denomination since childhood.

Pallbearers in Jackson were Messrs. Jim Campbell, Boyd Campbell, Purser Hewitt, Gus Ford, Ralph Crawley and Clyde Crawley.

Burial was had in the Grenada cemetery where Rev. Glen E. Wiley was in charge. Time of burial was 4:30 o'clock Monday afternoon. Pallbearers here were Messrs. Walter Garner, Joe B. Williams, Jr., John Pressgrove, Louis Weir, Edgar Provine and James Cuff.

Surviving her are her husband and son, her mother, Mrs. C. C. Provine, of Grenada, and the following brothers and sisters: Mrs. Joe J. Kirky, Jackson, Miss., Mrs. H. R. Alexander, of Memphis, James Provine, of Holly Springs and Chas. C. Provine of the U. S. Engineers at Trinidad British West Indies.

To the sorrowful ones, we extend our sympathy.

Ultimate Probability Of Dam Here Is Good

Mr. C. W. Briscoe wrote Congressman John E. Rankin with reference to the probability of a dam being built on the Yalobusha River, having heard that the equipment at Arkabutla was going to be moved to Grenada.

Congressman Rankin in turn wrote the Chief of U. S. Engineers who, under date of April 15, replied. The pertinent part of his reply follows:

This matter has been referred to the President of the Mississippi River Commission and a report has been received from him. He says no information is available to him as to the source on the dam north of Grenada (presumably Arkabutla) will be transferred for work on the proposed dam near Grenada. The latest developments with respect to this project are that the preparatory work of mapping the Grenada reservoir area is now underway and is scheduled for completion by October of this year. The probability of the ultimate materializatiin of this project appears good. However the President of the Mississippi River Commission does not know when construction of the dam can be initiated.

Mrs. Gladys Rule and members of her household are delighted to have with them for a short stay Miss Betty Rule of Bakersfield, California and Dick Rule, of Washington. The latter has qualified for the Army Air Corps.

L. C. Proby Announces For Mayor

After quite a bit of deliberation and on the instance of a number of my friends, I have decided to enter the race for mayor to fill the unexpired term of the late Mayor, R. W. Sharp.

As most of the voters of Grenada already know, I had the honor and privilege of serving as your chief executive during the past depression and invite anyone who may be interested to investigate my record during that administration.

I am not a politician, nor do I have any political aspirations whatsoever. I endeavor to be my normal self, and execute my duties faithfully and courageously at all times.

The next few years are going to be trying times for Grenada, and the voters should be very careful to select a mayor who has not only experience and ability, but one who has the courage to stand up under fire.

L. C. PROBY

It will be impossible for me to contact each of you personally due to the shortness of time before the election, but hope all of you will give my candidacy careful consideration. If elected, the only promise I have to make is that with the full cooperation of the board of aldermen, you will have strictly a business administration.

Your support and influence will be greatly appreciated.

Yours very sincerely,
L. C. PROBY.

Alderman J. B. Horn In Race For Mayor

Mr. Jim Horn has authorized us to announce that he is a candidate to fill the unexpired term of the late Mayor Robert W. Sharp.

Jim Horn has lived in Grenada ever since he was a little shaver (in fact he is not much bigger now). When the ominous war clouds arose in 1917, he volunteered his services to his Uncle Sam and was with the "home" company, that is the Headquarters Company of the 140th U. S. F. A. for over two years with a year in foreign service in France. His business is that of cotton buyer and he has poor farmers out of about as little as the rest of them. He is serving his second term as member of the City Council and is on the Finance Committee of the City Council—one of the most important posts.

Jim has led a pretty good life, was never in the guard house while in the army or in jail while in civil life. He is a good husband and father.

With this we leave him to the none too tender mercies of the voters of Grenada.

Wilson Adding To His Shop

Mr. H. C. "Harry" Wilson is adding about 25 feet to the length of his barber-beauty shop. The new addition, at the rear of the present structure, is of concrete and hollow tile construction, and this department will be devoted to the beauty shop, entrance to which will be made along a canopied walk, parallel to the building. The old part of the shop will contain additional barber chairs and shower baths.

Thus Grenad Grows.

ADDITION TO RANKS OF SCHOOL TEACHERS BADLY NEEDED

According to Mrs. Laura Penn Merritt, acting County Superintendent of Education and to J. S. Vandiver, State Superintendent of Education, there is a great shortage of school teachers in Grenada County, as well as in the State of Mississippi. The shortage has become very serious, according to these authorities.

If you are a retired teacher, and wish to reenter your profession, you are urged to contact Mrs. Merritt at the court house where full details may be had.

Tony Marascalco, Respected Citizen, Died Tuesday

Tony Marmelo Marascalco who for about forty years has been a citizen of Grenada, died in his home on Green Street Tuesday, April 28, 1942, after a long illness.

He was born in Cefalu, Italy on May 21, 1873. On June 6, 1902, he and Miss Mary Ann Civello were married. From the day of birth he was a member of the Roman Catholic Church. He has been in the grocery and fruit business in Grenada for many, many years, and was among the very first Italians who came to make their home in Grenada. He was the patriarch of the Italio-American citizens of Grenada.

As this issue is being printed, his body is at the Catholic Church in Grenada, awaiting services by Rev. Father Munoz, after which burial will be had in Woodlawn Memorial Park.

Surviving him are his widow; sisters and brothers as follows: Mrs. Joseph Messina, Frank Marascalco and Charlie Marascalco, of Grenada, and John Marascalco, of Cefalu, Italy; and the following children, Mrs. Joseph Curro, Joe F. Marascalco, Lewis Marascalco, Sam Marascalco and Miss Frances Marascalco, of Grenada, Mrs. H. A. Taylor, of Pine Bluff and Mrs. Katharin Tersik, of Washington D. C.

A brother, Vincent Marascalco, of Grenada, survive him.

Active pallbearers were Messrs. L. P. Mistrot, Sam Favorite, Earl Dennis, Sam Barranco, W. B. Jackson and H. L. Honeycutt. Honorary pallbearers are Messrs. W. W. Whitaker, J. H. Oliver, L. J. Dodd, John Pressgrove Jay Gore and Dr. J. S. Sharp.

To the bereft ones, we extend our sympathy in the death of our good benefactor, Tony.

All Civilians Must Register May 4, 5, 6, and 7

To All Patrons of Grenada City Schools:

Dear Friends:

This is the first time your Government has called upon every individual in the United States to take a definite part in winning this war. Your Government is issuing it to you and to every other man, woman and child in the United States except members of the Armed Services, War Ration Book One.

PLEASE OBSERVE THE FOLLOWING:

1. The civilian registration will take take place at the Grenada High School and the High School Gymnasium on Monday, Tuesday, Wednesday, Thursday, May 4, 5, 6 and 7.

2. On Monday, May 4, we will not hold school and registration will begin at 8 o'clock in the morning and continue until 6 o'clock in the evening.

3. All city residents, whether patrons of the school or or not will register at the high school building. All rural civilians in this school area will register at the high school gymnasium.

4. Residents of Wolfe-Hardy district will register at Hardy.

5. Residents of Fair Ground, Valley Hill, Enon, Elliott, Tie Plant, Brooks, and Kirkman will register at Grenada.

6. On Tuesday, Wednesday and Thursday, the registration will be continued but from 3 p. m. till 6 p. m.

7. Parents may register for the children under 18 years of age so it is not necessary to bring the family.

8. Children 18 and over must have their own War Ration Books.

9. Colored people will register at the same hours and days at the colored school.

Very sincerely yours,
John Rundle, Supt.
Grenada City Schools.

Methodist Pastor To Begin Revival Sunday Next

Rev. W. L. Robinson, pastor of the Methodist Church of Grenada, will begin a series of revival services scheduled to continue for a week next Sunday morning.

All people of this community are cordially invited to attend as many of these services as possible.

Our venrable friend, W. M. Dubard, was able to come to town one day last week, for a few moments.

GARDEN PILGRIMAGE

The old lady has been so extremely busy as President of the Episcopal Auxiliary, which body is entertaining a state group today, that she was unable to write about the Garden Pilgrimage held on Wednesday, and, of necessity, will have to postpone the article until next tweek.

Land An Imperishable Asset

The safest hedge against the uncertainties of the future is for a person to invest some of his money in land, and some in government bonds and other paper assets.

Land is one commodity that ALWAYS comes back. All of us have within the past 20 years seen land considered so valueless that the owner would forfeit it to the State instead of paying the taxes. NOW land is coming back: land is coming into its own.

The gaunt spectre of uncontrolled inflation haunts not only the national leaders but also the individual who has his assets in "paper."

If one has land and also government bonds, he cannot be entirely wiped out, no matter what happens. If he has all of his eggs in the "paper" basket he may live to see the time when the income that now provides a comfortable living will not buy a loaf of bread; if he has all his eggs in the "land" basket, he may find that the superhuman efforts of the national leaders to preserve the value of currency have been successful, and that his taxes cannot be paid from the rent provided by cheap agricultural commodities.

The man who is in an enviable position is one who is out of debt, has some real estate and some government bonds.

Invest SOME of your money in real estate, is good advice even if it comes from a fellow who is almost as poor as a church mouse.

Men and Women Will Be Called

It has been disclosed by a high government official, Col. Carlton S. Dargusch, deputy selective service director, that the Army will be forced, by Fall, to take men who have members of their families, wholly dependent on them.

Within the next sixty days we are going to see many men who have thus far been deferred, reclassified by the Army and called into service.

This war is much more vast than the last war that many people still think that they will not be directly hit. The real truth is that millions of men who think they are going to avoid the draft will be called within the next year or two.

Not only are we going to have millions called for the Army, but also there will be millions of men put in special war production work and before another year has gone by, we will be using women in war work, and other non-combatant tasks, on a vaster scale than this country has ever experienced.

At the beginning of this year approximately 5,-000,000 persons were engaged in war production. If we reach the prospecting goals set by the President, this must be tripled by the end of 1942. Since during this year we are going to take some 2,200,000 men out of industry and agriculture it is easy to see that women must make up the bulk of the 10,000,000 additional workers that we must have by the first of 1943.—Tupelo Journal.

As long as the draft board here pursues its present policy of feeding everyone from the same spoon, and we believe the board is going to do it; and, so long as it adopts certain just and equitable policies AND STICKS TO THEM, there will be little trouble in Grenada County.

But, if we see men shifting from non-essential work—in which they have been trained—to defense work obviously for the purpose of evading their military obligations—AND THE BOARD LETS THEM GET AWAY WITH IT—hell is going to pop.

If the board takes a married man whose wife is not working, and declares him incapable of efficient work and defers a man whose wife IS working and IS absolutely self-sustaining, hell is going to pop again.

What's The Answer?

There is bound to be some kind of moral contained in the circular, reproduced below, which was issued by Mr. Wilkins, a dairyman in the little town of Brooksville (population about 400) in Noxubee County:

20 Good Cows
FOR SALE

My dairyman drafted, I offer any one or all of my herd for sale. Most of them have young calves at side and all are in good condition.

TOWN FULL OF LABOR, YET NONE WANT TO WORK.

These Cows Can Be Seen At Any Time in Brooksville.

J. G. WILKINS

Fred And The Sunday Movies

Fred Sullens is making a valiant fight to open the movies in Jackson on Sunday, in spite of the antiquated Blue Laws of the State, which hypocritical legislators failed to repeal.

Why not do as Grenada does: ignore the damphool law, and let the movies operate on Sunday so long as their schedules do not coincide with the preaching schedules.

A whole paper could be filled with things more harmful than attending a movie, that our people do on Sunday, but why waste the space. To say the least, Fred is making the puritanical leaders of Jackson ridiculous.

The people of Grenada are going to have to do something constructive to combat the influence of the inflamatory newspapers coming from Chicago and Pittsburg, which are designed to promote hatred for the white people by the negroes. This question, like other major questions, cannot be settled by ignoring it.

"Penshun Pizen" A La Bilbo

No less a personable than our distinguished senior Senator, Theo. G. Bilbo, gives the lie to the members of Congress who claim that they were "agin" the so-called self-pensioning bill, in a letter to Hon. R. W. McAlister, of Tupelo, dated February 18, 1942.

From this letter, we quote the following paragraph:

The bill passed the lower house of Congress UNANIMOUSLY (the capital letters are ours). It is true that one or two Congressmen "popped off" and said they objected to it but when the bill was passed on the Consent Calendar they made no objection when JUST ONE (our caps again) member of the Lower House could have stopped the bill and all he had to do was to open his mouth and say "No," as perhaps you understand; that is, if you know anything about the parliamentary rules of the House of Representatives. There were only 24 votes out of the 96 Senators that voted against the bill.

Me and the U. S. A.

The country printer-publishers are sick of seeing state candidates give all their printing to a few union shops in Jackson, and receive the "free" dope for themselves.

UNDER THE MAGNOLIA TREE

By Herbert B. Allen

The report that the War Department receives about fifteen hundred applications daily for commissions in the army, reminds me of the interesting case of a private in the 5th Battalion of Engineers, Fort Belvoir, Virginia.

There is a recruit there by the name of Pershing, who was kidded a lot by his buddies, because of his famous military name. One of the boys, from Brooklyn, N. Y., claimed—"He's no kin of General Pershing. If he was, he'd have one of those soft political jobs."

Well, the boy from Brooklyn was wrong. The recruit is Private Warren Pershing, and he IS the only son of John J. Pershing, General of the Army of the United States. Warren Pershing, if I remember correctly is the only member of the General's family who escaped being burned to death. His mother and young sisters perished in an awful tragedy.

Warren Pershing, a former New York broker, is a graduate of the Engineering School of Yale University. This probably prompted him to elect to serve in the Engineer Corps, rather than in the Cavalry, which was the the General's favorite branch of the Service.

Private Pershing, being stationed in Virginia, has been able to visit his father, in nearby Washington, several times. But, in the Walter Reed hospital, where General Pershing makes his home, the son has had no luck in getting his father to comment on his enlistment.

All that General Pershing has told Warren is that his military uniform fitted him 'mighty well'. My guess is that any Veteran will know exactly what General Pershing means by that remark. It is a typical example of Pershing's laconic eloquence. Good Luck- Warren Pershing, private extraordinary, Engineer Carps, U. S. Army.

Speaking of officers and privates, there is an excellent article in the current issue of the Infantry Journal entitled, "The Siege of Tobruk", a splendid description of the fighting around that famous battleground in North Africa.

And was the article written by a Lieutenant General on the British Imperial General Staff? It was not! The author was Sergeant Ian Fitchett of the Australians, a lawyer from New South Wales. Sergeant Fitchett was in the campaign in Malaya, and I regret to note that he has been unaccounted for since the fall of Singapore.

The rank and file of democratic armies are filled with men of all grades of ability and all types of experience. The title of Private is borne by some of the finest boys in these United States.

Many of the greatest generals of the Confederate States Army enlisted as privates. Many a future governor, and possibly a future President of the United States, may be drawing his thirty dollars a month from his good old Uncle Sam right now!

I have to hand it to Franklin. Every once in a while he comes up with something that not even his grandmother would have been able to explain away.

Standing before the President's desk recently, Admiral Harold R. Starks was surprised to hear Mr. Roosevelt read a citation which awarded him the Navy Gold Star, in lieu of a second Distinguished Service Medal 'for exceptionally meritorious service as Chief of Naval Operations'. What a piece of sheer irony!

It will be recalled that the President recently removed Stark from the post of Chief of Naval Operations, not because the man was rendering 'exceptionally meritorious service', but because Admiral Stark did not measure up to the job. He was assigned to command of the American Fleet in European Waters, with offices in London, to get him away from Washington.

When the duties of Chief of Naval Operations were added to those Admiral King was already carrying as Commander-in-Chief of the United States Fleet, the action minded men in the Navy saw Admiral Stark depart for London with great joy. In the words of such a distinguished naval commander as Admiral Pratt (retired): "The appointment of Admiral King (to succeed Stark) as Chief of Naval Operations elicits a cordial welcome in the hearts of most service men. No longer will administration, embodied in a DESK detail job, supplant operations, the vital war function of the office For that office, the center of information and formulator of war plans, holds a broad directive over all of our naval forces afloat and in the air. The step furthermore marks the first time that due naval recognition has been given to air power, since Admiral King is a flier as well as a sailor."

In plain English, Admiral Stark was slowing up the works of the entire United States Navy. For this 'exceptionally meritorious service' the President awards him a Navy Gold Bar—and sends him to command the American Fleet in European Waters!

The awarding of Navy Gold Stars, or Distinguished Service Medals, for this type of exceptionally meritorious service' will not enhance the value of these national badges of honor, either in the eyes of the American people, or of the great men who hold these honors.

However, the President did a bold deed in stepping in and demoting one of the Navy's outstanding 'Brass Hats.' Come to think of it, Franklin deserves some sort of decoration himself: for his removal of Admiral Stark really was 'exceptionally meritorious service' to the U. S. Navy and to the American nation.

OLD FASHION PARTY

The Fortnightly Club, known for its many splendid programs and beneficial civic endeavors really "went to town" last Wednesday night when they celebrated at their annual party, honoring guests and their husbands and dates. The entire group were in fancy costume, and some were so ridiculous that the merriment of the evening became hilarious before the awarding of the prizes. Mrs. J. D. Quinn for the ladies and D. Y. Dubard for the men were awarded prizes for best make up.

The party started as a hay ride, the guests riding on the hay placed flat on a huge truck, and nearly every street in town was visted by this happy crowd. The party arrived at the Community House about eight-thirty and here the buffet supper consisting of chicken spaghetti, combination salad, hot rolls, pickle and coffee was served.

The Community House was decorated with clotheslines on which the "family wash" hung—the rostrum of the large assembly room was decorated with quart jars filled with wild weeds in bloom, also churns which held lemonade. A huge tin tub filled with field flowers "graced" the store. In the dining the supper table and piano were coverd with "funny papers," and down the center were jugs and bottles holding candles. The guests played bingo and danced. The club's guests were many and the list too incomplete to publish, however approximately seventy-five were present to enjoy the unusual "old fashion" party.

HAMBY-EUDY

Mr. and Mrs. J. E. Eudy, of Eupora, announce the marriage of their daughter, Rosa Annette, to Mr. Granville Thomas Hamby, son of Mr. and Mrs. John W. Hamby, former residents of Grenada, but more recently of Charleston, S. C.

The wedding occurred at the home of President and Mrs. M. L. Smith, of Millsaps College, Jackson, Miss., Monday, April 20th at six o'clock with Dr. Smith officiating. Both Mr. and Mrs. Hamby are graduates of Millsaps College. Since graduation Mrs. Hamby has taught in the Eupora Schools and Mr. Hamby has been employed in the Navy Yard at Charleston, where the young couple will make their home.

Mr. and Mrs. Hamby visited relatives and friends in Grenada Monday.

Mrs. Mary Willis, of Graysport sustained a broken arm in a fall on Sunday last and after spending the night at Grenada Hospital, she went to the home of her friend, Mrs. Fannie Morrison. Mrs. Willis will remain there with her sister, Mrs. Marguret Noel until Mrs. Morrison returns from Biloxi.

Mrs. Fannie Morrison will attend to business affairs in Biloxi this week, having left Tuesday. On her return trip she wil stop at Jackson to attend a State U. D. C. meeting in session the 6, 7, and 8 of May.

Mrs. C. E. Steel and her brother, Jack Butler were guests of their parents, Mr. and Mrs. G. W. Butler last week. Additional news in the Butler family is that Cpl. McLean Butler has been transferred from Tallahassee, Fla., to the bombardment squadron at Sarasota, Fla.

FRIENDSHIP NEWS

(abled the employees of Grenada Farms with a chicken bouillon supper last Monday night.

Mrs. E. V. Alridge was hostess to the members of the Friendship Home Demonstration Club for the celebration of its first birthday on Saturday afternoon, April 18th in her beautiful country home. A spelling bee, wish making, and a story written by Mrs. Neely completed by members naming adjectives which described each furnished plenty of fun. The shower contest held was won by Mrs. James Purdie, a beautiful box of cheery candy. The hostess invited all into the dining room where the beautifully decorated birthday cake was served with punch. Besides the members, Mesdames Charlie Kenwright and Spencer Davis and Mrs. Little, Mrs. Neely's mother enjoyed the happy occasion.

Geraldine and Jess Gahegan and J. Lynn Tribble spent several days last week with Mr. and Mrs. Manley DuBois.

Mr. J. H. Kraft, president of the Kraft Cheese Corporation from Chicago, was a pleasant week-end visitor with Mr. and Mrs. Frank Kraft.

Mrs. Mildred Taylor spent last Tuesday with her daughter, Mrs. Nail in Grenada.

Mrs. E. V. Alridge returned home Tuesday night from several days visit with relatives in Memphis.

CARD OF THANKS

I wish to thank everyone for the many kindly acts extended me and mine, in our hour of pain and sorrow, and assure you it was appreciated, and the memory of your favors and well wishes will ever live in our hearts until the lingering ray of life's setting sun fades into shadows of that realm of eternal restful night.

ALL SAINTS EPISCOPAL AUXILIARY

On Monday afternoon the Auxiliary of All Saints Episcopal Church met in the home of Mrs. W. W. Whitaker for a business meeting. Mrs. Whitaker presided. Mrs. Liles led the devotional and reports from secretary and treasurer were made. The District Council to meet in Grenada April 30 (today) will convene at 10 a. m. and end at 12:30. The local Auxiliary will serve lunch to the group at the Community House.

Mrs. Clyde Best is visiting relatives in Tuscumbia, Ala. this week.

GRISHAMS LEAVE GRENADA

The Rev. Roy Grisham and his splendid family are moving to Greenwood today, (Thursday) where they have purchased a home on Mississippi Avenue. Rev. Grisham is Executive Secretary of the Board of Education, North Mississippi Conference. His wife has been president of the local Woman's Society of Christian Service of the Methodist. This splendid family will be missed greatly by their friends here, especially by the congregation in the Methodist Church.

BAPTIST W. M. U.

Circle No. 2 of the Baptist W. M. U. of which Mrs. A. N. Rayburn is leader, met in the home of Mrs. E. E. Turnipseed Monday at three o'clock.

This was the "Personal Service Day" and a short and interesting program was given. Mrs. W. H. Kirk led the opening devotional and Mrs. W. O. Geeslin led the closing prayers. Eighteen were present. A new member, Mrs. H. M. Day was welcomed into this circle.

A social half hour was enjoyed and the hostess served strawberry short cake and tea.

The group carried a basket of fruit to the patients in the ward at Grenada Hospital, and visited there for a while.

Next week the W. M. U. will meet in the church, and on May 11, Circle No. 2 will meet with Mrs. W. H. Kirk for mission study and cottage prayer.

GRENADA BAND WINS HONORS

The Grenada Band, attired in colorful uniforms and playing at the peak of their ability, made a splendid showing at the State Band contest in Jackson Saturday, gaining Superior rating in all competition except in concert. According to the judge's notes the lack of certain instruments was the only point against the local group for a Superior rating in that event.

Superior ratings were given the band in marching and sight reading, and Miss Ruth Lee Morrow was rated Superior in student conducting. Starkville was the only band to get Superior rating in all events.

In the ensemble and individual events in Greenwood two weeks ago the Band also made an excellent showing.

Superior ratings were given to Bobby Alexander on the saxaphone; Mary Elizabeth Cowan on the saxaphone; and Catherine Herring on the clarinet. S. B. Cowan was rated Excellent on the cornet; and Frances Herring on the Oboe and Warren Robinson on the Alto clarinet were rated Good.

The Clarinet Quartet, composed of Catherine Herring, Brannon Anderson, Rogers Pleasants and Ruth Lee Morrow, rated Superior. Three of the ensembles were rated Excellent. They were the Cornet Trio, composed of Jay Gore, Albert Graves, Billy Parham and O. D. Spratlin; and the Saxaphone Quartet, combosed of Bobby Alexander, Patty Stockard, Rogers Pleasants and Mary Elizabeth Cowan.

A party for the band will be given at the Community House Friday night at 8:00 o'clock by the Band Boosters.

STATEMENT FROM MR. PENN

Let no one be disturbed by the coming of the camp, but let us remember that those connected with it are coming from the very best homes in America, and that they hold in their hands the destiny of America, whether it be continued freedom or serfdom. Let us, therefore, greet all who come to help America safe with a smile and with a cheerful welcome. Let us open our hearts and minds to those who, thru condemnation of their property for military use, have lost their homes in this area. Let them, like the rest of us, remember that we are at war, and every one must make sacrifices, great or small. War means work, sorrow and blood. Let all remember that for every sweet there is a bitterness.

We all know that certain elements and practices follow all preparedness programs, and that we here in Grenada must be prepared to combat the evil persons and the evil practices.

Should you see fit to elect me your Mayor on May 7, I promise you that I will exercise every effort to enforce all authority that is vested in me by virtue of that office.

As formerly stated in my announcement, I promise to serve as Mayor, if elected, for the customary salary, returning to the city treasury all fines and costs received in that office.

Cousin Will Hoffa and I hardly ever agree in private conversation, and we should not get mad if we disagree publicly in the newspaper. He preaches a great gospel of "You have to Give to Get"—a darn goood gospel. But, as everyone who has ever tried to buy any property from Cousin Will at a reasonable price will testify, it is as hard to buy anything from him as it is for the needle eye to afford passage for the camel. We have advised him privately not to let Grenada grow around his property during the golden days ahead, and we now do so publicly.

This can truthfully be said by me about Cousin Will, I have served on the county board of supervisors and on City Council and have never heard him raise hell about taxes. In fact a man whose ninety dollar mule was raised from forty to fifty dollars raised more hell than Will Hoffa ever raised about taxes.

Cousin Will and heartily disagree on another point. He thinks that the city limits should be extended. We think the limits should remain as are. While this may not be law, we think there is a good deal of equity in this proposition: when there is agitation to annex property, the majority of property owners should agree what they want to be annexed, and a majority of the people in the existing limts should agree to the annexation—just like when a marrige occurs. BOTH parties MUST agree to the union.

One of the prettiest young married ladies I have seen lately is Mrs. Lomax.

Little Cap Semmes entertained a group of his men friends Wednesday night. Cheese, etc., were served. The guest of honor was Major John Wade.

Talking about "pizen" that pension bill certainly is going to kill out a bunch of senators and congressmen.

If it were not for the job printing that our growing list of satisfied customers entrust to us, we would have to go back to the Chinch Den and starve.

As long as our local draft board treats all alike, and feeds each man out of the same spoon, it will continue to merit the respect of the people of the community.

We half way expected to hear something from "South of the Border" by press time. "Mayor" Willie Lee Sykes has not yet put out any information.

We cut off about 50 delinquents this week to make room for the new ones. If the GCW is not worth paying for it is not worth our while sending it for nothing.

Spencer Hitt and Deward Bloodworth of the "home" company, now stationed at Camp Bowie, Texas, were among those who recently enjoyed leaves at home.

We have not received pay for publishing the notice about the proposed Soil Conservation District election yet.

It is pitiful the way advertising revenue has decreased not only in this paper and other weekly papers, but also in the big daily papers. There are but two ways for the country newspaers to survive: first, raise their subscription rates, and seek to show those who need printing done to have that printing, or a fair share of it, done by the publisher-printer. Our printing customers have done two things: first, obtained good printed matter at reasonable prices, and help keep a community newspaper afloat.

We delight, above all things, to mention the names of soldiers who come home on leaves. We put every one of them we know in the paer, but miss many. Will YOU kindly notify us when a soldier comes home. We would like to be able to say that we do not miss a single one.

If I were a young man, physically fit and without dependents, I would be ashamed to walk the streets and feel, if not hear people saying "Whythehell isn't that blankety blank in the army?"

RELIEF DRIVES

(Mrs. W. W. W.)

Grenadians are being asked, along with the citizens of every other community in America, to contribute funds to be used locally, nationally and internationally in relieving distress created by the war, and to finance organizations which contribute recreational activities and services to the soldiers, sailors and aviators in our armed forces. We are faced with contributing Navy Relief Fund, whereby the widows and orphans of men killed in service are aided. The amount of this fund is $500.00 and Mr. H. L. Honeycutt is Grenada County Chairman; Mr. H. O. Bland is Regional Chairman. See resolutions elsewhere in this issue.

On May 4th the drive for funds for Chinese relief will begin. Mrs. Willie Smith, at Grenada Bank is Grenada County's Chairman and the following citizens are to serve in their communnity: Chairman for Grenada, L. D. Boone; Chairman for Elliott, R. F. Carpenter; Chairman for Holcomb, Paul Hayden; Chairman for Graysport, Mrs. W. S. Willis; Chairman for Gore Springs, Mrs. D. M. Trussell; Chairman for Tie Plant, J. J. Nichols; Chairman for Hosiery Mill to Glenwild, Geo. Criss.

The following reasons are given for aiding the Chinese:

The sacrifices they have made for five long years to stop Hirohico and his mad conquest; to support the Chinese as they continue to fight along with our boys; that during the time the Mississippi River overflowed, China gave more to the relief fund than any other foreign country, except Canada. In 1918 China exceeded its quota 14 times by contributing $1,425,000.00 to the U. S. War Work Fund. Now China needs help from us. The drive begins May 4th.

U. S. O. DRIVE MAY 11.

The United Service Organization is a national organization which serves those men and women in our armed forces, no matter where they are. The drive this year begins on May 11th and Mrs. J. K. Avent is Grenada County Chairman. The Grenada County quota is $1250.00. One thousand dollars to go to the general fund and $250.00 to remain in local treasury. The USO was organized to offer personal services of a spiritual, social and recreational character to the great group of young men enrolling in the United States army and navy and to the large number of young men and women leaving their homes to work in new war industrial plants. These services are rendered through the cooperative efforts of six national welfare agencies, representing Catholic Jew and Protestants. The USO furnishes the very best organization, according to our personal observations, and that of many soldiers in camp today, where volunteers work together in programs of helpfulness to individuals. The USO drive will be accompanied by more articles and Mrs. Avent will announce more definite plans next week.

If you can, contribute to all of these funds! Many of our boys have paid the supreme price for freedom. Many more will pay that price. Our sons and brothers need our help in this great struggle and giving aid to any of the above mentioned causes will make you respect yourself and them more.

NEGRO CIVIC CLUB ORGANIZED

(Mrs. W. W. W.)

On Monday morning, representatives of the newly organized group of Grenada negroes to be known as the Urban League, called at the Grenada County Weekly office to give data concerning their organization, especially its splendid aims; it is very gratifying to see the genuine interest manifested by the negroes in the situation with which both the white and negro citizens are faced in West Ward, and other sections of town.

The league has twenty members now and they are to have a meeting at the negro high school building on Sunday, May 3, to interest other negro citizens in becoming members.

The league wishes to cooperate with the law enforcing officers of the city and county to the end that order be maintained among their race. They too wish to stand as good citizens in a community where law and order are respected. The officers are Dr. L. L. Rayford's wife, Chairman; Jesse Brown, wife of Lowe Brown, Vice Chairman; Delma Lawrence, Secretary; Lowe Brown, Treas.; and Ed Brooks, Chairman.

All negro citizens interested are invited to come to the negro High School Sunday afternooon at three o'clock. Hon. J. T. Thomas and several other citizens will address the group.

SHIELD EXPERT HERE

H. M. SHEVNAN, widely known expert of Chicago, will personally be at Irving Hotel, Greenwood, Friday, only, May 8, from 9 A. M. to 5 P. M.

Mr. Shevnan says: The Zoetic Shield is a tremendous improvement over all former methods, effecting immediate results. It will not only hold the rupture perfectly but increases the circulation, strengthens the weakened parts, thereby closing the opening in ten days on the average case, regardless of heavy lifting, straining or any position the body may assume no matter the size or location. A nationally known scientific method. No under straps or cumbersome arrangements and absolutely no medicines or medical treatments.

Mr. Shevnan will be glad to demonstrate without charge.

FORMER NAVY MEN MAY REENLIST

According to R. A. Robison, Chief Quartermaster, U. S. Navy, who is in charge of Recruiting for the Navy and Naval Reserve in this territory, former Navy men may reenlist in the Regular Navy or Naval Reserve and have the benefit of their former service for pay and retirement purposes. Men who may have been discharged in rating of Chief Petty Officer are eligible for reenlistment only in First-Class Rating but will be immediately rated Chief.

Men who were discharged by Special Order or Medical Survey are, under certain conditions, eligible for reenlistment under this ruling. Persons with prior Naval Service are eligible for reenlistment provide they are citizens of the United States or one of its insular possessions.

Robison states that he believes there are numerous service men who will appreciate this ruling and will take advantage of it, especially due to the rapid promotion now in effect. Men who they did not experience during the last World War, and the years men in this category to investigate fully the Navy Recruiting Service.

Age limit for reenlistment under this ruling is 30 years, plus the length of previous Regular Navy Service years.

The Navy Recruiting Office is located in the Post Office Building in Grenada, Mississippi.

Our pretty and intelligent subscriber, Miss Helen Horton, daughter of Mr. and Mrs. L. P. Horton, was signally honored by her fellow students at Belhaven College in being selected May Queen and also specially honored by the Clarion Ledger-Jackson Daily in entire front page of its second section Sunday in reproducing her likeness. Folks here are mighty proud of Helen.

We note that Ray Knight E. Clark, native of Grenada county, has been named commander of the Union County (Miss.) Civilian Defense Council.

The recent ruling that physically fit men between 18 and 45 will be put in

Without Pity

By GRANT M. SASSAMAN
(McClure Syndicate—WNU Service.)

A TROPICAL sun beat down mercilessly upon the six gaunt survivors of the sunken trading schooner Pelican. They sat upon the gunwale of the lifeboat, drawn halfway out of the blue water lapping against the glittering white beach of the lonely island.

The young second mate's head was turned toward the green fringe of jungle beyond the beach. He had fleeting glimpses of ebony faces, malignant, cunning, watchful. He turned to the stern-faced captain who leaned, with arms folded, against the gunwale.

"But that would be as bad as murder, Captain!" The Second's blue eyes were filled with horror.

"There's no other way out." Captain Somers spoke harshly. "We're two hundred miles from the mainland. These Negritos," he jerked his head towards the jungle, "are cannibals, but they keep their word. They said they'd supply us with food and water to reach the mainland if we gave up one of our men. It's just a question of one man dying—or six."

"But maybe we can sneak up one of the creeks and—"

"We tried it, didn't we?" rasped Somers. "Can't you see they're watching us day and night? They'll get us all if we don't agree to their terms."

The bos'n rose and staggered weakly around the prow to where Somers and Jorgen were talking.

"Damn ye, Cap'n Somers!" he croaked. "I won't stand for a stick drawin'. Ye want to save yer own skin. That's what. Ye've never had no feelin's fer—"

The captain's bronzed fist shot out and caught the bos'n between the eyes.

"Talk to me like that, will you?" he grated. "If you'd have dropped that conductor in the water when the mate told you to, we wouldn't a been cut in half by a stroke o' lightning. You won't stand for it, eh? Listen, you! The Pelican's gone, but, by God, I'm still in command!"

A grudging admiration for this iron-hearted sea captain stirred in Jorgen. The man was as hard as teakwood, as unyielding as wire rope. But, the going officer knew, if it hadn't been for that hardness in Somers, they would all have been dead long ago.

Somers was speaking to the huddled man. "Mister Jorgen," he said, indicating the Second with a jerk of his head, "has five sticks in his hand. All except Jorgen will pick one. The man who chooses the shortest stays behind."

The Second's mouth dropped in surprise and dismay. "Me—you?"

Somers' hard gray eyes seemed to soften for an instant.

"I take my chances with the others," he said gruffly. "You're the youngest, and somebody must hold 'em. Let them choose."

Jorgen held the palm of his left hand under the lower ends of the sticks. The fingers of his right hand were cupped around them, halfway.

The first man drew, then held his breath until the second chose. A gasping sob of relief came from his throat when he saw that the second stick was shorter. Captain Somers, oblivious to the scene at the boat, was looking towards the jungle. The third stick, drawn by the bos'n, was longer than either of the others. Jorgen moved over to the captain. The latter drew abstractedly and without glancing at the stick, put it behind his back.

Some of the men began to mutter, but seeing the captain's intentness, followed his glance jungleward. From the shadowy undergrowth a half dozen blacks were emerging, burdened with water gourds and cocopalm baskets. The Negritos were fulfilling their end of the bargain.

Jorgen turned to the fifth man. A low, sucking gurgle came from the sailor's lips as he drew. His stick was short. He stared at it in horrified fascination and then collapsed to his knees.

"Stop that!" barked the captain. He tossed his stick on the sand in front of the whimpering sailor. It was fully half an inch shorter than the kneeling man's!

"But Captain Somers—" the Second Mate began.

"Load up and get under way!" snapped Somers. "Steer west by a half north and you'll reach the nearest point on the mainland."

After they had provisioned the lifeboat and shoved off, Jorgen twisted around on the sternsheets for a last look. Somers was disappearing behind the jungle wall.

Jorgen's eyes focused upon the water's edge where the boat's keel had rested. There lay the fatal sticks which the tide would soon set afloat. The five sticks he'd been holding in his hands.

Suddenly the young officer's eyes widened in astonishment. Five sticks? There were six. Six of them lying there!

As the truth dawned on him, the green jungle and white sand became a blur in Jorgen's eyes. He felt that he wanted to sob like a child.

Man Without Pity? Why, Somers had broken his own stick in half because he pitied the poor devil whimpering on the sand!

IMPROVED UNIFORM INTERNATIONAL SUNDAY SCHOOL Lesson

By HAROLD L. LUNDQUIST, D. D.
Of The Moody Bible Institute of Chicago.
(Released by Western Newspaper Union.)

Lesson for May 3

Lesson subjects and Scripture texts selected and copyrighted by International Council of Religious Education; used by permission.

THE DAY OF ACCLAIM

LESSON TEXT—Mark 11:1-11; Luke 19:41-44.

GOLDEN TEXT—Blessed is he that cometh in the name of the Lord.—Mark 11:9.

The last week of our Lord's earthly life had come. "Normally, in fact almost universally, the last week of a man's life is of practically no significance. In many cases he is too sick to speak with any clear intelligence, and, of course, when ill, is incapable of doing any noteworthy deeds. In our Lord's life, the last week was the most important of all, and to it more space is given (in Scripture) than to any one whole year of Jesus' ministry" (Dr. Wilbur M. Smith).

The first day of that week found our Lord riding into Jerusalem in humility, and yet in royal majesty, to present Himself as Israel's King and Messiah. We find

I. The King Seeking Man's Help (Mark 11: 1-7).

How surprising that the One who made and upholds all things (Col. 1: 16, 17) should have to say, "The Lord hath need of him," in sending for a humble beast of burden. Yet therein lies a marvelous truth. He has graciously so ordered the universe that He has need of us and of our possessions. That was true in the days of His flesh, when He had voluntarily become poor for our sakes. In a somewhat different sense, but nonetheless precious, it is true today.

To be needed by anyone—to have that which can be used—is always encouraging, but to find that the Master needs us and what we have to give, is truly inspiring. Let us learn to give as readily as the owner of the colt (vv. 5, 6), and let us also learn the important lesson of unquestioning obedience taught in verse 4. "They went their way" to do what the Lord told them to do. How greaty simplified and glorified would be the lives of Christian people if they would thus obey Christ.

II. The King Receiving Man's Homage (Mark 11:8-11).

Presenting Himself as their Messiah, Jesus received the enthusiastic acclaim of His disciples and friends, who were probably joined by others who were drawn by the excitement. But the Pharisees did not join in (see Luke 19:39, 40) nor did the city, not even knowing who He was (Matt. 21:10, 11). So it is today; some love and praise Him, some hate Him, others just ignore Him. Of which class are you?

He gave Jerusalem and the nation a final opportunity to receive Him. It was not yet too late, but it was their last chance. Such a time comes in the life of everyone of us. They rejected Him. What do we do?

But let us not forget that there were those who shouted, "Hosanna," who cast their garments down before Him and waved palms of victory and joy. Thank God for their holy enthusiasm. Pray God that we may have a little more of it. We have come to the place where nobody shouts "Hosanna" or "Hallelujah" except the church choir—and they do it only in carefully modulated tones. We cheer at ball games or at a political rally, and while we surely do not want that same kind of confusion in the church, it would be quite appropriate to bring some real enthusiasm into our Christianity.

Our Lord knew that it would not be long ere the multitude would be changing their cry to "Crucify Him," for He knew their sinful hearts. So in the midst of His day of acclaim we see

III. The King Weeping Over Man's Sin (Luke 19:41-44).

In times of great joy or under unusual circumstances we are prone to think only of our own pleasure or our own need. But with Christ the need of the souls of men was never for a moment forgotten. He might well have gone on to Bethany to rest and rejoice with His friends over His triumphal entry into Jerusalem.

This constant and tenderhearted concern which Christ had for the city which hated and was soon to crucify Him; this remembrance of their need even in His brief hour of public acclaim, may well teach the church a much needed lesson. Many churches are prosperous, well cared for, and even popular. They are prone to rest back and ride the crest of the wave of popularity, forgetting the souls of men and women in need, many of whom live under the very shadow of the church. Shame on us for such callous indifference in the light of our Lord's agonized weeping—for such is the meaning of the word in Luke 19:41.

Others may observe that their city or community is hostile to the gospel, that men would rather crucify the Christ than receive Him. And so they are content to have their snug little spiritual retreat where they meet to comfort one another and to congratulate themselves on their spiritual haven. Again we say, shame on us!

• In bringing us buying information, as to prices that are being asked for what we intend to buy, and as to the quality we can expect, the advertising columns of this newspaper perform a worth while service which saves us many dollars a year.

• It is a good habit to form, the habit of consulting the advertisements every time we make a purchase, though we have already decided just what we want and where we are going to buy it. It gives us the most priceless feeling in the world: the feeling of being adequately prepared.

• When we go into a store, prepared beforehand with knowledge of what is offered and at what price, we go as an expert buyer, filled with self-confidence. It is a pleasant feeling to have, the feeling of adequacy. Most of the unhappiness in the world can be traced to a lack of this feeling. Thus advertising shows another of its manifold facets—shows itself as an aid toward making all our business relationships more secure and pleasant.

Smart Gowns Stress Peg-Top Skirts and Dolman Sleeves

By CHERIE NICHOLAS

FASHIONS of today carry an inspiring message to women of discriminating taste in that there is a noticeable trend toward placing emphasis on quality fabrics, good lines that stress simplicity and a fine restraint in trimming. This gesture toward ladylike dress is particularly expressed in beautifully flattering frocks done in navy or black monotone rayon crepes and failles and misty dark sheers ranging from opaque to chiffon textures.

A woman who dons a navy or black frock with ravishing snowy lingerie accents is classified at a glance among those best dressed in the current style parade. These eye-appealing modes become more so in that their gracious styling proclaims an entirely new silhouette which has to do for the most part, with slenderizing peg-top skirts and softly manipulated dolman sleeves.

The gowns pictured above have everything that goes to make up ultra chic. New as the season itself is the peg-top silhouette interpreted in the gown to the left in the above illustration. To begin with, it is made of a fine novelty rayon crepe in smart navy blue. When you are seeking a material you'll love to wear you will find the answer in rayon crepe, and this year these crepes are more likable than ever, and their color range is fascinating. Fullness at the skirt front, full push-up dolman sleeves and a plunging neckline are outstanding style details for this gown, as are also the fresh lingerie touches at neck and cuffs. Give more than a passing glance to the stunning hand-painted belt which accents the slender waistline, for fashion is launching a big program of handprinted bags, belts and other accessories.

The vogue for contrast has inspired the strikingly simple frock shown to the right in the above picture. Here a slender sheath skirt of smooth textured black rayon crepe conforms to the newest "lines." The immense dolman sleeves of matching fabric are in smartly contrasting honey-beige. Thus this color contrast heralds a new era in sleeve technique. Pencil-slim silhouettes, such as characterize this frock, make a well-corseted figure a prerequisite to fashionable appearance.

Bi-color and tri-color are still magic words in the field of costume design. Designers this spring are particularly turning their talents to creating bolero ensembles which exploit color contrast. Typical of this mode is the suit that tops a navy skirt with a red bolero and a wide gypsy girdle in either purple or gold color, the entire three-piece using the one material, rayon crepe, differentiated only in color.

Speaking of present fashions great importance is attached to jacket or suit dresses that are intriguingly tailored of black or navy faille or moire or rayon taffeta. Almost without exception the skirts are narrow, with discreet fullness for action carefully planned. The jackets have sprightly peplums that flare from below slim waistlines, or are of the new short lengths that stress eton or bolero effects. These suits are given drama with the use of spectacular jewel buttons or flattering jabots in frilly white.

For one-piece classic day dresses the new spun rayon weaves in a vast color range are attractive in looks as well as price, and they yield beautifully to fabric manipulation, also dry clean and for the most part even launder satisfactorily. For practical suits there are also rayon weaves of wool type that tailor perfectly and give a high-price appearance at a low-price outlay.

Gloves to Match

Vermillion red with white daisy print silk makes this day dress as refreshing as a breath of spring. It has a matching wool jacket and a hat of the new and novel "earphone" type. The most exciting style feature of this ensemble is the gloves she wears, made of the same print as the dress. This novelty stunt of matching gloves to blouse or gown or hat and bag lends intrigue to the current mode. It is possible to get patterns for gloves and many women are making their own.

Merchants Tell of Interest in Sewing

Merchants report that since the first of the year the demand for yard goods has been increasing by leaps and bounds. Which simply means that the home-sewing trend is gaining momentum.

A number of circumstances are leading to this increased interest in home sewing. One, and a very important one, is the necessity of trimming budgets to wartime economy. Then, too, a strong influence is the satisfaction you will find in "making your own."

There's every encouragement given to those who sew these days. Most excellent patterns are easily obtainable, and modern sewing machine equipment is a miracle worker in the way of achieving tucking, hemming, ruffling, shirring and all the little intricasies that sewing entails.

Bands Trim Play Frocks And Children's Dresses

A new fashion gesture is the trimming of cotton play frocks and children's wash dresses with gay embroidered bandings. These colorful border themes are worked out in vivid South American colors in flower or fruit motifs. They are particularly effective used to finish off skirt hemlines and to outline necklines, pockets and sleeves. Stitched together, they can be fashioned into oriental looking turbans, to which you can add a belt or a handbag made of the same material.

When You Buy Gloves Be Sure They Are Washable

On the "cotton front" gloves of this material are top-ranking favorites not only for their undoubted smartness, but also because they are so easily laundered. To look smart during the spring and summer months you must look spotlessly clean. And nothing gets dirty quite so fast as a pair of pastel or white gloves.

GRENADA III. STATE CHAMP

Grenada students came through with winning colors this year in athletic, literary and platform events. In the literary events our students placed in the state as follows:

General Science eighth — Blanton Duncan.

Physics—Sixth—Leon Provine.

American Government — fourth — Ann Duncan.

Latin I—fourth—Gay Robinson.

English II—third—Lucy Moss.

Algebra I—second—Walter Vick.

Latin II—first—Margaret Green.

Algebra II—first—Ralph Blaylock.

Typing—second—Dot Talbert.

A total of twenty-six and one-half points was earned by these students.

In track our team won nine points. In platform events our school won two points. The total of thirty-six and one-half points made Grenada High the winner of the 1942 annual Literary and Athletic Field Meet.

Winning all these honors should inspire the students for years to come. Never before has Grenada won first place in the entire state meet. It is therefore a challenge for next year's field meet contestants to continue to hold down first place.

BASEBALL

Tuesday afternoon on our local diamond Grenada and Batesville played their first game of the season together. As you know, Batesville is second only to Charleston every year in rivalry with Grenada's baseball team. There was no score made in the entire first three innings. Grenada scored first in the fourth while Batesville made their first score in the fifth. The final score was: Batesville 9; Grenada 5.

The crowd was considerably larger than usual because the entire high school student body had raised funds enough to admit the entire classes. But still there were not half enough people there to let the boys know that the whole school is back of them.

Come to the next game and bring your friends!

SENIOR PLAY—MAY 8

The annual senior play will be presented on May 8 at the GHS auditorium. This year the senior class promises the biggest, best, and funniest play that ever will be given in Grenada. The name of this great play is "Cheer-io, My Dearie." The play is starring the following young hopeful actors and actresses:

Melchizedek — Porter — Robert Trussell.

Desdemona — Maid — Camie Lou Hallam.

Sue Grahame — Hazel Turner

Owners at Mountain View Inn—

Cherry Holt — Lou Avent

Dick Grahame — She's Husband—Floyd Theisman.

Sojdraha — Spatchett — Cuthbert's fiances — Jackie Lane.

Fifi—Her French Maid—Anne Odom

Tommy Tarrant—In Love With Cherry — Benton Keeton.

Mrs. T. Jefferson Johns — In search of a title — Frances Herring.

Gwenneth Johns — Her Daughter—Bernice Jones.

Lord Cuthbert Twillingham — In Search of an Heiress — Emmett Barrentine.

Smedsberry — His Valet — James Elliott.

See Louise Avent, "leading lady", skillfully assume the role of an English lord; Jackie Lane and Frances Herring hunt a title; the "cullud help" hunt money to get married on; and the other characters desperately hunting their heart's desires. Plenty of hilarious entertainment for all.

BAND NEWS

Our GHS band journeyed down to the Capitol city Saturday for a bit of sight reading, marching, and concerting in the annual band meet. It seemed a fit reward for all their efforts when our band made the following graed: In marching, superior;—(first place); in concert, excellent (second place); and in sight-reading, superior.

The band didn't get to spend the night in Jackson, as per usual, but tales of good times are floating around everywhere.

Grenada High is very proud of her band, which is just about the best.

CHAPEL PROGRAM

The student body gave the salute to the flag and sang "America," "Anchors Aweigh," and "Our Lord's Prayer. Mr. Barnett, a layman, spoke on some well known men of today and their following Christ.

G. R. CAMPFIRE

The Girl Reserves assembled in front of GHS Thursday. The membership then walked to Pine Hill. After an enjoyable open air worship program around a campfire, the group ate delightful picnic food.

The meeting was concluded with group singing.

DIRT

Polly and Buddie were skating Sunday night with Turnip and Billie Guy.

Hour reports are getting the Government students down—"Roses are red and violets are blue—Sugar is ratitoned and so are you—by Anne Odom for Leon Provine—Johnny and Berta sweetly come to school holding hands about 8:20 every single morning—Paul and Byrd are learning the art of dancing—Hope next year's BULLDOG editor doesn't have to literally scrape up dirt and news—The motto of the Bookkeeping students is: Together we stand—Divided we fall—Bernice told me to put this in my paper quote: "Jack, everything is O. K (signed B. J.", end quote Dick and Betty Rule are coming home—Least, that's what we heard—What will become of GHS when Benton Keeton leaves?—Wonder if Mutt Clogston ever goes to Greenwood any more—Jeanie and Benton are always together.

Just so much dirt this week that concerns band folks—Lil and D. M. went on the Hotel roof at Jackson for a bit of dancing and celebrating—Libba, a Jackson week-end visitor, reported having a swell time and didn't she mention a soldier when she was relating these good times—Spring must be here—There goes another barefooted gal—Miss Waller can bowl much better without any shoes—The Glee Club is having a "Blow out" in the near future—Rogers is gonna give his favorite seniors a party and invite his junir cronies—Rowe is our hero now after winning second place in a certain dash at Ole Miss Saturday—Skating time is here again—Dot Talbert has a sore knee from over indulgence in skating—Bernice has been seen with an army boy—John Ed Carpenter—ask here where they were introduced—The band rightfully got first in marching as the poor things had drilled enough—There are students lying around in this schol with awful cases of spring fever—Wonder when Rose and Jack Harrison are going to make up?

The following essay was written by a very prominent member of the Junior Class—Edgar Turnipseed. We think he has brought out some fine points in this paragraph—and would like for you to share the true knowledge of it.

CROWDS AT BASEBALL GAMES

Why it it, that nobody goes to the baseball games? Why won't the students back their school?

Every day the boys on the team work and work hard—Sliding, practice which makes large sores on their legs. Why is it they take the punishment? They love the game and like to play for their school. You can talk about a person's school so much to the tough boys but they will fight over the school's team. They've got the spirit! Why is it that the students won't back the team up?

Why don't the girls go out and yell for their team? They haven't any school spirit at all if they can't give the team a little backing. No, the girls are not by themselves. The boys should hang their heads in shame. They won't come out for the team, or even come to the games, but when someone asks them how the game came out, they all will say, "We won," when they haven't even been around the field.

The trouble with the students as a whole is that they are all lazy and are just thinking about their poor little selves!

Frances and Bill haven't made up yet—The G. R. had a fine daylight campfire—Hal can't fool us—he's still that way about "Marg."

PROCLAMATION

WHEREAS, the United States Navy, side by side with gallant comrades-in-arms with the United Nations, is engaged in the greatest war of history and acquitting itself in keeping with the fine traditions of its glorious past, and

WHEREAS, thousands of able-bodied American men and boys are constantly joining the Naval service and taking their places with the rapidly expanding two-ocean Navy which will spell defat for the aggressors and victory for freedom and democracy, and

WHEREAS, a great many men have already given their lives and a host of others are offering their all in the battle for freedom from which they may never return, leaving behind them mothers, wives and children whose sources of income in many cases will have been cut off through the death of their loved one out there on the front, and
